Town of Jericho
Development Review Board SUBDIVISION Application

Application #: 201620

Parcel Code: PA045

1. The undersigned hereby applies to appear before the Development Review Board for the following (check one):

- ☐ Boundary Line **Adjustment**
- ☐ **Sketch Plan** Review
- ☐ Preliminary Plan Review
- ☐ **Amendment** to Subdivision Approval

Final Plan Review:

- ☒ **MINOR** Subdivision (1-3 lots) - must complete all requirements in Section 10 of the Jericho Land Use and Development Regulations (see checklist).
- ☐ **MAJOR** Subdivision (4+ lots) - must complete all requirements in Section 10 of the Jericho Land Use and Development Regulations (see checklist).

Number of lots resulting from subdivision: 2

2. Project Information

Description: Subdivision of 2.45 acres into 2 lots

Location: 45 Packard

Zoning District(s) in which property is located: **AGR COM FOR OS RR VCTR VIL**

3. Interested Parties

Applicant Name: Jennifer Borch

Email address: jenniferborch@gmail.com Mailing Address: 45 Packard Rd, Jericho, VT 05465

Phone: (602) 899-0992 Applicant's relationship to parcel (check one): ☒ Owner ☐ Option to purchase

Landowner of Record Name (if not applicant): _____

Address/Phone: _____

Professional advisor(s) Give name, address, phone, title:

Professional Engineer Larry Young, Summit Engineering

Other (specify) _____

Name(s) of current adjacent landowner(s):

See attached.

Proposed Letter of Credit, Performance Bond or other Surety	draft	final
Proposed Road Profiles, including names; road, intersection and parking area geometry; and construction schematics within area to be developed, including lengths of all straight lines, slopes, the deflection angles, radii, lengths of curves and central angles of all curves, tangent distances and tangent bearings for each road		√ ^a
Proposed layout of lots within the subdivision numbered in numerical order, such that even numbered lots are on the right side of the road, and odd on the left, as oriented from the point of road origin/intersection with existing main road		√
Dimensions of each lot to the nearest foot and area to the nearest 1/100th of an acre, and all angles and bearings to the nearest minute		√
Calculation of total amount of new impervious surfaces	estimate	√
Stormwater and Erosion Control Plan showing temporary and permanent procedures		final
Documentation that Stormwater Management measures at minimum meet the Recharge (Rev) and water quality volume criteria, if more than 0.5 acres of impervious surface are created (see Section 11.13.1.4)		final including calculations
Monument Locations in accordance with Article 3, Section 1(10)		√
C. Other Data As May Be Required by the Development Review Board:	SKETCH (opt)	FINAL PLAT
Information regarding runoff during the 25-year storm		as requested during sketch plan review or required by Land Use Regulations
Erosion Control Risk Evaluation Checklist from the Vermont Department of Environmental Conservation		
Stormwater and Erosion Control Plan showing temporary and permanent procedures		
Grading Plan (showing proposed areas of cut and fill)		
Open Space Management Plan		
Site Reclamation Plan (for subdivisions involving extraction)		
Traffic Study (current and proposed traffic volumes, capacities, levels of service, proposed improvements. See Section 11.1.5.)		
Statement of Conformance with the Town Plan and compliance with applicable local regulations		

- 1) *If the owner of record is not the applicant a letter from the owner of record authorizing the applicant to apply for subdivision must be submitted.*
- 2) *A Mylar shall be recorded in the Jericho Land Records within 180 days of final approval. Sheet size of originals for recording by the Town Clerk must be less than 18 inches by 24 inches.*
- 3) *Upon written request specific requirements may be waived by the Development Review Board per Section 10.12.4.*
- 4) *Large areas to be set aside unchanged for open space and passive recreation, as well as minor grading in conjunction with construction may be exempt from detailed contour information*

IN ADDITION to the required components outlined above, for Final Plat review and approval, the following components may be required of the applicant by the Development Review Board:

- a) A letter from the Selectboard indicating its approval of construction details for any proposed public road. Road profiles shall show accurate existing and finished grades together with typical cross-sections and construction plans, including details of the drainage structures, banks, etc., in conformance with the Public Works Specifications and shall be certified by a registered professional engineer.
- b) A letter from the commissioner of the water district, if the subdivision is proposed to be served by public water supply, stating that the water district has adequate capacity to serve the subdivision and noting any improvements or modification necessary to serve the subdivision.
- c) Evidence from the applicant, if the subdivision is proposed to be served by private water supply for two or more connections, that establishes adequate quality and quantity of water. The DRB may require the applicant, prior to approval, to make one or more test wells if additional evidence is required.
- d) A letter from the Underhill-Jericho Fire Department affirming its ability to provide adequate fire protection or noting any improvements or modification necessary to gain that ability.
- e) A letter from the Chittenden East School District Superintendent addressing the effect of the development on the capacity of the school system.
- f) Results of two [2] percolation tests and two [2] test bores dug to seven [7] feet on each proposed lot, if individual septic systems will serve each lot, or in the area of the community leach field, and the design of the proposed septic systems by a registered professional engineer.
- g) Engineering and construction details of stormwater drainage system.
- h) Written request for any waivers from the regulations deemed necessary for approval of the Plan/Plat.
- i) Any proposed covenants and/or deed restrictions intended to cover all or a portion of the subdivision, including any open space agreements or easements.
- j) A prospectus describing the management structure of the homeowner's association if one is proposed. Included shall be a disclosure statement that will be given to all prospective purchasers, detailing responsibility for services, including but not limited to maintenance of any roads or other common infrastructure within the subdivision.
- k) The following endorsement on each section of the applicant's final submission to be completed by the Chair of the DRB or designated representative, upon approval:

<p>Approval by the Jericho Development Review Board</p> <p>on the _____ day of _____ 201____ subject to all</p> <p>conditions and requirements attached to Permit # _____.</p> <p>_____, Chair</p> <p style="text-align: center;">Jericho Development Review Board</p> <p>Date _____ 201____</p>

C. Other Data As May Be Required by the Development Review Board:	SKETCH (opt)	PRELIMINARY	FINAL PLAT
Information regarding runoff during the 25-year storm		as requested during sketch plan review or required by Land Use Regulations	as required under preliminary plan approval
Erosion Control Risk Evaluation Checklist from the Vermont Department of Environmental Conservation			
Grading Plan (showing proposed areas of cut and fill)			
Open Space Management Plan			
Site Reclamation Plan (for subdivisions involving extraction)			
Traffic Study (current and proposed traffic volumes, capacities, levels of service, proposed improvements). See Section 11.1.5.			
Statement of Conformance with the Town Plan and compliance with applicable local regulations			
1) If the owner of record is not the applicant a letter from the owner of record authorizing the applicant to apply for subdivision must be submitted. 2) A Mylar shall be recorded in the Jericho Land Records within 180 days of final approval. Sheet size of originals for recording by the Town Clerk must be less than 18 inches by 24 inches. 3) Upon written request specific requirements may be waived by the Development Review Board per Section 10.12.4. 4) Large areas to be set aside <u>unchanged</u> for open space and passive recreation, as well as minor grading in conjunction with construction may be exempt from detailed contour information			

IN ADDITION to the required components outlined above, for Final Plat review and approval, the following components may be required of the applicant by the Development Review Board:

- a) Cost estimates for all necessary improvements by category, which shall include all proposed site work.
- b) A letter from the Selectboard indicating its approval of construction details for any proposed public road. Road profiles shall show accurate existing and finished grades together with typical cross-sections and construction plans, including details of the drainage structures, banks, etc., in conformance with the Public Works Specifications and shall be certified by a registered professional engineer.
- c) A letter from the commissioner of the water district, if the subdivision is proposed to be served by public water supply, stating that the water district has adequate capacity to serve the subdivision and noting any improvements or modification necessary to serve the subdivision.
- d) Evidence from the applicant, if the subdivision is proposed to be served by private water supply for two or more connections, that establishes adequate quality and quantity of water. The DRB may require the applicant, prior to approval, to make one or more test wells if additional evidence is required.
- e) A letter from the Underhill-Jericho Fire Department affirming its ability to provide adequate fire protection or noting any improvements or modification necessary to gain that ability.
- f) A letter from the Chittenden East School District Superintendent addressing the effect of the development on the capacity of the school system.
- g) Results of two [2] percolation tests and two [2] test bores dug to seven [7] feet on each proposed lot, if individual septic systems will serve each lot, or in the area of the community leach field, and the design of the proposed septic systems by a registered professional engineer.
- h) Engineering and construction details of stormwater drainage system.
- i) Written request for any waivers from the regulations deemed necessary for approval of the Plan/Plat.
- j) Any proposed covenants and/or deed restrictions intended to cover all or a portion of the subdivision, including any open space agreements or easements.
- k) A prospectus describing the management structure of the homeowner's association if one is proposed. Included shall be a disclosure statement that will be given to all prospective purchasers, detailing responsibility for services, including but not limited to maintenance of any roads or other common infrastructure within the subdivision.
- l) Written acknowledgement of the applicant's responsibility for maintenance, and the assumption by him of liability for injuries and damages that may occur on any roads or land to be dedicated for public use, until such roads or land

have been legally accepted by the Town. The method of dedication of proposed easements, Rights-Of-Way and open spaces shall be specified by the Selectboard.

- m) Details of proposed landscaping to be completed by the applicant including species, number, size, timing of planting and cost estimate. Any landscaping to be located on proposed Rights-Of-Way to be deeded to the Town must receive prior written approval of the Selectboard.
- n) The following endorsement on each section of the applicant's final submission to be completed by the Chair of the DRB or designated representative, upon approval:

<p style="text-align: center;">Approval by the Jericho Development Review Board</p> <p>on the _____ day of _____ 201____ subject to all</p> <p>conditions and requirements attached to Permit # _____.</p> <p>_____, Chair</p> <p style="text-align: center;">Jericho Development Review Board</p> <p>Date _____ 201____</p>

May 28, 2016

Jennifer Borch
45 Packard Rd.
Jericho, VT 05465

To The Town of Jericho,

Per this application, I am asking for Planned Unit Development (PUD) at my property at 45 Packard Road in Jericho, VT to partition off ~1.0 acre lot from my current ~2.5 acre house lot.

As part of the PUD, the new configuration of the two lots will include 25% protected area / common land per the requirements. Per the subdivision plat, this protected area / common land will protect the existing streetscape and provide additional buffer to the wetland on south side of the new lot.

See detailed plat from Summit Engineering for all details associated with this PUD request.

Jennifer Borch
